Keep our beaches clean

Our Beautiful Seaside

It's officially summer time, and that means the great rush of families to the seaside for some summer rest and relaxation. And from all the packing to the long road or plane trips we know it can be stressful and everyone just wants to wind down near a nice beach under a nice summer sun, but please try to pick up after yourselves. We have already caught

many people littering on the beach. On another note there will be a an organized community event that will help keep our beaches clean on July 25, 2014. Please feel free to come by and help out and get some complimentary food and drinks, sponsored by the hotel.

Since, the hotel is directly attached to the sea side with a paved walk way to the sea and our complimentary pools for your swimming and leisurely pleasure.

Be sure to watch the young one although there will be lifeguards for the outside pool, there are none for the ocean. We do have a net so there should be no worry about sharks or jellyfish.

Lost dog incident

On the day of our grand opening a dog by the name of Daniel a chocolate retriever went missing fifteen miles out who later that day would be considered a hero to a residential four year old boy who was swept

too far out and almost drowned half a mile from the resort. And is now also now considered a local hero, of course after he was retrieved by his now surprised owner.

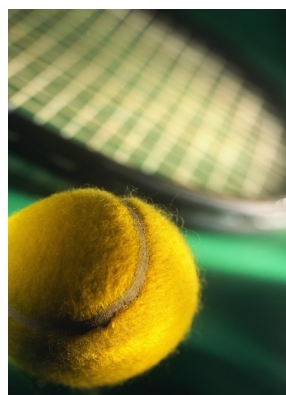

The tennis courts

The Tennis court will be open from

8A.M. to 8 P.M.

With the outdoor courts closing at 6 P.M.. There are ten tennis courts six indoor and four outdoor. Of course each are first come first serve, if there is none open put down your name for the next to use the courts.

Because there are not that many courts for all of the people who are in the hotel. Also a one hour time limit of the court will be established. Do not worry depending one demand we will add five more court by the end of next year.

Our Outdoor pool

Our Outdoor pool

We have been getting a few complaints that the outdoor pool has not been open to the public yet and as to inform everyone, we are going to open it soon. We have it close because of certain safety issues that were caught before the grand opening so we are still waiting on the official announcement on whether there are any safety issues we will know on the installment of this monthly newsletter when the

precise date that we would be able to open the out door pool. For now please stand by and enjoy the seaside and know that we are working on opening it to the customers of the hotel.

your patients, we
